Superior Outsourced Solutions for Savvy Direct Marketing

WEB DESIGN & DEVELOPMENT PRINT DESIGN - TELEMARKETING

At Teleforce Asia, Inc. we take pride in our ability to create simple, affordable and creative solutions to your direct marketing challenges. Based in Metro Manila, the Philippines, the company is composed of a dedicated and reliable staff of diverse skills, all with one unifying goal – to help you grow your business through the most effective channels available.

Consider our extensive range of support services – from design and development, to telemarketing, to caging and response processing – to help boost your company's direct marketing efforts.

WEB DESIGN & DEVELOPMENT:

These days, a strong online presence is a must, and competitors are only a click away. Allow us to help you build your internet identity, and boost your business profits online and offline.

WHAT WE OFFER: Blog Creation and Installation • Blog & Website Template Customization • Landing Pages & Microsites • Basic Website Package • CMS Website Package • E-commerce Website Package • Add-ons: Hosting, Content Creation and more

GRAPHIC DESIGN:

Our talented designers offer a wide range of graphic design services to promote your business and build your brand, including:

Logo design • Business Stationery • Flyers & Brochures • Postcards • Infographics • Coupons • Book and E-book Covers • Website banners • Custom Twitter Backgrounds • Facebook and Twitter Cover Designs and more!

TELEMARKETING:

The Philippines has fast become one of the best destinations for outsourced telemarketing services due to our competitive rates and fluent English speakers. Consider our experienced telesales professionals for your telemarketing needs:

Inbound: Customer Service • Order Taking • Cross Sell and Up Sell • Query handling
Outbound: Sales • Fundraising • Lead Generation • Surveys • Customer Loyalty Program

DIRECT MAIL RESPONSE PROCESSING:

We offer a flexible range of direct mail response processing and data entry services, guaranteeing efficient and confidential handling of customer information. If your organization receives payments or accepts donations, we offer highly secure caging, payment lodgment and fraud management services as well. Funds and data turnover is quick, and our onsite technical staff can easily produce custom reports or programs to match your needs.

SOFTWARE DEVELOPMENT:

We also offer Software Application Development services to address the various needs within your organization, including but not limited to:

Data Manipulation • Automated Data Processing • Customized Payroll Systems • Inventory Systems • System Migration • Report Generator • Lead Generation System

All our systems and services can be custom-tailored and consolidated to meet your exact needs. We specialize particularly in response processing systems - with back end sales incorporating telemarketing, direct mail, email and web offers - that can be tailored to suit any type of product.
